

EILEEN CARNEY

Senior Administrative Assistant

Eileen has been a member of the Legatum Center team since October 2018. She manages our office space, tackles purchasing and accounting tasks, and provides logistical support for multiple projects, meetings, workshops and conferences.

A native Bostonian, Eileen has a B.A. in Romance Languages from Boston College, and an M.A. in Education from UMass Boston. She dabbles in language learning as a hobby, her latest interest being in Mandarin Chinese. With broad administrative experience in International Business and Higher Education—balanced by a multiyear stint in foreign language subtitling—Eileen is committed to supporting our mission and that of the larger MIT Sloan community. Staying near our campus shores, she sometimes sails the river Charles, musing upon science, art and song. Eileen is elated to be one of our crew.
